Applicants propose the following amendments to the present application. Original Claim 6 has been cancelled as the values for R1 in original Claim 6 were drawn to the same values of R1 as set forth in Claim 1. Claim 7 has been amended to make it dependent on Claim 1 since Claim 6 has been cancelled. Note, original Claim 6 was dependent on any one of Claims 1-5. Claims 9, 11, 13, 16, 18, and 19 have been amended to remove multiple dependency. Claim 20 has been cancelled to expedite prosecution and limit any pending issues. Claim 21 has been cancelled and redrafted as new independent claim 26. Basis for new Claim 27 may be found in original Claim 22. Claim 23 has been cancelled and redrafted as new independent Claim 28. Basis for new Claims 29-33 may be found in the specification at Examples 1, 28, 30, 35, and 39.

Applicants respectfully submit that the present amendments reflect no added matter and that basis for each of these amendments is provided in the original claims or the specification as filed. Applicants courteously request entry of the present amendments and passage of the case for examination.

Respectfully submitted,
